MEETING TIMES AND LOCATIONS

GENERAL MEETING

The monthly General Meeting is held at the Sacramento Association of Realtors (SAR) building located at 2003 Howe Ave, Sacramento 95825 (near Alta Arden and Howe Avenue), on the fourth Wednesday of each month from 7:00 to 9:00 PM. Doors open at 6:00 PM. The meeting includes a presentation on current technology, and also includes member and club announcements, a Q&A session, coffee and treats, and a raffle — members get their first raffle ticket free, and must be present to win. Raffles are usually fun technology accessories, and sometimes include MacBooks, iPads, or iPods.

1ST SATURDAY WORKSHOP

This Workshop is held on the first Saturday of each month, at St. Marks United Methodist Church, located at 2391 St. Marks Way, Sacramento 95864 (near Watt and El Camino Avenues). Doors open at 8:30 AM, and activities run from 9:00 AM to 12:00 PM. Join us for technology classes, conversation, coffee, and sweets. Sign up in advance for Triage.

WOMEN IN TECHNOLOGICAL SISTERHOOD (WITS)

WITS meet on the second Saturday of each month (except July and December) at Panera Bread, 3328 El Camino Avenue, Sacramento 95821, at 11:30 AM. All are welcome to join us for lunch, technology tips, and socializing.

We make every effort to stick to our schedules, however, sometimes scheduling or holidays affect our plans. Before heading to our meetings, please be sure to check our website (www.macnexus.org) for last minute scheduling changes, Main Meeting presentation details, Training Class details, and other important information.

MACNEXUS[®]
SACRAMENTO'S APPLE TECHNOLOGY USER GROUP

A volunteer group with a goal of providing Apple technology users with a superior level of assistance and education in an open and friendly environment.

MEMBERSHIP BENEFITS

WORKSHOPS Workshops provide several services: Classes on various Apple technologies and related applications and accessories; advice on how to get the most from your Mac computer and other Apple devices; and Triage for devices on the fritz.

TRIAGE SESSIONS Problem diagnosis and repair by trained MacNexus volunteers at the First Saturday workshop. Bring in your 'sick' Macs and other Apple devices for some TLC.

MONTHLY GENERAL MEETINGS Centered on presentations of software or hardware by vendors or a MacNexus member. The meeting also includes a raffle, member and club announcements, a Q&A session, coffee and treats and, occasionally, club business.

WITS (WOMEN IN TECHNOLOGICAL SISTERHOOD) A special interest group (SIG) for women who want to experience learning opportunities in a smaller, friendly environment. All members are invited to participate.

MACNEXUS WEBSITE The MacNexus website (www.MacNexus.org) provides information on events and announcements. Read up on classes and tips.

SACRAMENTO'S APPLE TECHNOLOGY USER GROUP

WHAT IS A USER GROUP? Quoting Apple: "People who use Apple technologies have joined together in user groups all around the world. User groups offer members the chance to become friends with other Mac users, get questions answered, and have a lot of fun. Groups are for everyone from first-time computer users to experts—from every profession, background, and age. Want technology to do more for you? Join the club. Find a user group near you." **MACNEXUS, SACRAMENTO'S APPLE TECHNOLOGY USER GROUP**, really started at the computer counter in Weinstock's department store where MacNexus Founder and 1st President Gail McGovern struck up friendships with several future members. During the early years, the group meetings outgrew several locations and a Saturday workshop was introduced. While Weinstock's didn't survive (it was swallowed by Macy's), the MacNexus user group has flourished over the years. There are currently about 450+ members. Generally, the Wednesday evening **MEETINGS** feature a speaker on a particular application or a hardware device. The Saturday **WORKSHOP** has two main activities. First, there are classes on various applications (we cover computer and iPhone/iPad/mobile devices), or advice on how to get the most from your Mac computer and other Apple devices. And second **TRIAGE**. Members can bring in their 'sick' Apple devices for some TLC. The common thread for the classes and for Triage is that everything is done by **VOLUNTEERS**, e.g. members helping members. MacNexus maintains an extensive **WEBSITE** with lots of helpful information. Go to www.MacNexus.org to see for yourself.
